Menglin Zhu

Curriculum Vitae with References

Department of Materials Science and Engineering
Massachusetts Institute of Technology
77 Massachusetts Ave Room 4-217
Cambridge, MA, 02139
+1 614-397-3961
mlz@mit.edu

Research Interest

- Advancing (scanning) transmission electron microscopy techniques for material analysis
- Probing structure/chemistry correlations in 3D using multilslice electron ptychography
- Exploring material behavior and emergent phenomena with *in situ* electron microscopy
- Extracting insights from microscopy data using statistical analysis and machine learning

Education and Training

2023–present **Postdoctoral Researcher**, *Massachusetts Institute of Technology*, Prof. James M. LeBeau.

2018–2023 **Ph.D.in Materials Science and Engineering**, *Ohio State University*, Prof. Jinwoo Hwang.

2014–2017 **B.S. in Materials Science and Engineering**, *Ohio State University*, Prof. Jinwoo Hwang.

Honors & Awards

2023 ***Postdoctoral Scholar*** of Microscopy Society of America, awarded as a postdoctoral researcher for the paper submitted for the Microscopy and Microanalysis conference 2023

2022 ***Student Scholar*** of Microscopy Society of America, awarded as a Ph.D. candidate for the paper submitted for the Microscopy and Microanalysis conference 2022

2021 ***Presidential Fellow*** of Ohio State University, the most prestigious award given by the Graduate School to outstanding Ph.D. candidates

2017 ***The Mars Fontana Scholarship*** by Ohio State University, awarded to the most outstanding senior student in the Department of Material Science and Engineering

2016 ***Summer Research Fellow*** of Ohio State University

Markworth-Woolley Scholarship by Ohio State University

Publications *Equal Contribution, Citations: 1003, h-Index: 15

Teaching Experience

Fall, 2023 ***3.34 Imaging of Materials***, guest lecturer, Massachusetts Institute of Technology

Fall, 2020 ***MSE3151 Transport Phenomonon and Kinetics***, teaching assistant, Ohio State University

Fall, 2019 ***MSE3332 Undergraduate Lab II***, laboratory assistant and instructor, Ohio State University

Synergistic Activities

2023-present ***Mentor of two graduate students*** on project *Collaborative for Hierarchical Agile and Responsive Materials (CHARM) under cooperative agreement W911NF-19-2-011*

2023 ***Co-organize Microscopy and Microanalysis conference P08 symposium*** entitled *Atomic Scale Microscopy of Interfaces and Heterostructures with Correlated Phenomena*

2023 ***Mentor of two REU Students*** on porject *NFO Thin Films Grown via an Off-Axis Sputtering Method; STEM Characterization of $NdFeO_3/SrTiO_3$ Thin Films*

2022 ***Mentor of one REU Student*** on porject *Effects of Octahedral Tilting and Lattice Strain on $LaFeO_3$*
